

Our Community Project

Hi, my name is Keri and have relocated to the South Coast from Sydney with my husband.

I am Mum to two children and Nanny to two beautiful Granddaughters and 1 Grandpuppy.

After finding our forever a home on the South Coast I volunteered at our local Community Centre where I first had heard of Our Community Project.

When I learnt that they were looking to establish a service for the Nils program at Nowra I felt that this position would be rewarding to me as I love helping people and have worked in finance and Customer Service roles my entire working life. I look forward to establishing a great relationship within the community assisting applicants applying for a NILS loan and referring to other services that may be beneficial for them.

The OCP is a wonderful organisation that shows a caring and supporting service to the Community and values their staff and Volunteers.

I am excited to be part of the Nils program and a team member within the OCP.
